SUMMARY

Enthusiastic Data Science student with hands-on experience as a Machine Learning Intern and Data Analyst. Proficient in Python, Pandas, Numpy, Advanced Excel, Power Bi, SQL with strong analytical skills gained through projects in data analysis and machine learning. Skilled in teamwork and effective communication to support data-driven decisions. Currently deepening expertise in ML and deep learning techniques.

WORK EXPERIENCE

Machine Learning Intern, Cognifyz Technologies

July 2024 - August 2024

- Assisted in developing machine learning models to optimize business operations, achieving a 15% increase in performance efficiency.
- Collaborated with cross-functional teams to gather data requirements and deliver insights through predictive analytics.

Data Analyst Intern, Internship Studio

May 2024 - June 2024

- Conducted exploratory data analysis on various datasets, implementing data visualization techniques to present findings to stakeholders.
- Utilized Python libraries such as Pandas and Matplotlib to analyze data patterns and trends.

Junior Data Analyst, Tech Guru

September 2023 - October 2023

- Developed dashboards and reports using Power BI to monitor key performance indicators.
- Supported data-driven decision-making through methodical data analysis, contributing to a 10% increase in project delivery speed.

PROJECTS

- FIFA Dataset Analysis (Web Scraping)
- Cricket Battle Simulator using Python

CERTIFICATIONS AND AWARDS

- CS50P: Introduction to Programming Using Python – Harvard University
- Career Essentials in Data Analysis – Microsoft and LinkedIn
- Verified Self-Faced Data Science Course – Devtown

EDUCATION

- B.Tech in Computer Science and Engineering (Data Science) at Shreeyash College of Engineering, Expected Graduation: Jul 2026 Nov 2022 - Jul 2026

SKILLS

- Programming Languages: C, C++, Python (Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn)
- Tools: Excel, Power BI
- Databases: MySQL
- Operating Systems: Windows, Linux
- Technical Skills: DSA, Object-Oriented Programming (OOP) in C++
- Soft Skills: Effective communication, problem-solving, teamwork
